CLASS - V

“Nothing is more powerful for your future than being a gatherer of good ideas and information. That’s called doing your homework.”

“Education is what remains after one has forgotten what one has learnt in school.”

“To be ready for tomorrow’s opportunities, do your homework today. Learn, refine your skills and focus on growth.”

Dear Parents,

Preparation of a project is an important aspect of a students' life and it helps them to learn better by doing it on their own. Students have a tendency to postpone their project work or do it shabbily, sometimes wrongly and submit it late to the concerned teachers. In this context we have formulated the following guidelines to help the students submit their projects on time. It is also the responsibility of the parents to make sure that their wards submit their projects on time.

Guidelines

- Projects are to be submitted on the given dates without failure, immediately, on coming to school to the concerned subject teachers.
- In case of sickness or inability of students to come to school, the students may send the project through a classmate or parents on the given date.
- If students are found with projects exactly same or copied exactly from any source then marks could be deducted or they will be asked to do it again as per instruction of the concerned teacher with the knowledge of the authority.
- Project marks are of great importance as they severely effect promotion as well as the overall performance. The information regarding the projects & guidelines is attached here.

Attention:

Students are required to prepare the projects with relevant material carefully pertaining to each subject. The submission of the project will be by 31st of August, 2021 without fail.
